FIREWOOD STORAGE

It can be hard to find the right spot to store your winter firewood where you can access it after it snows but is still safe from fire. North Tahoe Fire recommends you stack your wood away from your structure, and most important is wherever it is stored it should be completely covered with a fire resistant tarp. These tarps can be purchased at any hardware store and from Amazon. Below are pictures of uncovered UNSAFE, and covered SAFE.

Liberty Utilities

Many of you have asked about seeing **Liberty Utilities** in our development cutting and removing trees. They came through last year and marked trees in Dollar Point they felt needed removal or limb trimming for the safety of the overhead utility lines. If you feel your property was missed, you can contact Eric Oiler at Liberty Utilities 530-546-1708 or ericoiler@libertyutilities.com and set up an inspection. If any tree work needs to be done to preserve the safety of the overhead utility lines, then the work they provide is free.

BE PREPARED

Fire Season is upon us and being informed is important!

Sign up for alerts:

Have you taken the steps to be alerted of emergencies in your area? If not, here are the links for you to be notified. Make sure each member in your family signs up too. Better to be safe than sorry.

DO YOU KNOW WHAT TO DO DURING AN EVACUATION?

http://naes.agnt.unr.edu/PMS/Pubs/1510_2007_90.pdf?utm_source=publications&utm_medium=pub-offsite&utm_campaign=pub-link-clicks&utm_content=2977&fbclid=IwAR20OISUq9tROBZ7KBnjwnlwlooJhc_q0HWZGOORhC90xDoG1MrYKHHV29Q

Have you prepared your Go-Bag? What is a Go-Bag? It is an evacuation bag that has 3 days 'worth of supplies you need in case you are evacuated from your home. If you do not have one, it is not too late to put one together. To find out more on Go-Bag suggestions, click the link to read more:
