

DOLLAR POINT **FIRE** COMMITTEE
FEBRUARY 2022 NEWSLETTER

Winter is the best time to **plan** for our **Spring clean up** of defensible space around our Dollar Point Properties.

Here are a few reminders:

- * 5 ft clearance of combustible fuels around home
 - * Check for broken or dead tree limbs
 - * Move firewood away from house and cover
With a fire retardant tarp
 - * Remove or extensively prune **MANZANITA**

As we sit in front of the fire relaxing, let's continue our education in being fire aware and knowing how North Tahoe Fire and Placer County are continuing to work toward reducing fire fuel in our Tahoe Basin. Here are a few links to help stay current:

Learn how to Prepare for Wildfire via Educational Series

Lake Tahoe Wildfire Awareness Campaign 2021 Series Links

Contact: University of Nevada, Reno Extension's Living With Fire Program Manager, Jamie Roice-Gomes, Jamier@unr.edu

LAKE TAHOE, NV. – As 2022 begins to take shape, this is a great opportunity to consider preparing your home, family, property and yourself for wildfire. Begin your wildfire preparation journey by viewing the many educational workshops that were presented during the 2021 Lake Tahoe Wildfire Awareness Campaign (LTWAC). This campaign lasted from May – October 2021 and it featured different workshops on how residents can prepare for wildfire and reduce their wildfire risk.

“The 2021 wildfires in our region were eye-opening,” said Jamie Roice-Gomes, manager of the Living With Fire Program. “They reinforce the importance of preparing for wildfire now and these educational workshops can help to either begin or refine those efforts.”

STAY TUNED...in the coming months we will let you know about Dumpster Days that are planned and additional resources available to assist you as you join your friends and neighbors in keeping our community Firewise compliant.

As always, check out our DP website under our Firewise Section for helpful links and resources to assist you in your efforts. Have fun and stay safe,
