

DOLLAR POINT FIRE COMMITTEE
MARCH 2022 NEWSLETTER

Weather patterns are no longer predictable. We must be **Alert, Aware** and **Educated** with the right resources so that we are ready to act at a moment's notice. Go to our Dollar Point Website and click on our Fire page for links to:

- Building defensible space around your property
- Sign up with NT Fire for property inspections
- Sign up for **emergency alerts** with both Placer County and NT Fire
- Putting together an evacuation plan and go bag
- List of local business available to assist with clearing defensible space
- AND SO MUCH MORE

In a fire or during a medical emergency, every second counts. The Fire Department recommends installing a **Knox Box** on your home which only they have access to. It allows them to use a key to enter your home rather than having to force entry damaging your property and wasting time. To learn more, log onto [Knox Box.com North Tahoe Fire Protection](https://www.knoxbox.com/north-tahoe) or call 1-800-552-5669.

As many of us have seen dramatic increases in our Homeowner's Insurance or worse, been cancelled by our carrier, we offer you the

link below listing Insurance Carriers who offer discounts for fire hardened homes and Fire Wise Communities. Check it out!

<https://www.insurance.ca.gov/01-consumers/105-type/95-guides/03-res/Insurers-Currently-Offering-Discounts.cfm>

HOME FIRES are just as deserving of our attention as wildfires.
KEEP THOSE HYDRANTS NEAR YOUR HOME CLEAR OF SNOW!

As always, we wish all of you a safe, healthy and fun winter season.

Dollar Point Fire Committee,

Dani Johnston dani@mackenziejohnston.com
